

Student Concussion and Injury Reporting Acknowledgement Statement

By signing and initialing below, I acknowledge that Wayne State University has provided me with specific educational materials on what a concussion is and given me an opportunity to ask questions about areas and issues that are not clear to me on this issue.

| I understand that it is my responsibility to report all injuries and illnesses to my athletic trainer and/or team physician. I have read and understand the NCAA Concussion Fact Sheet. After reading and understanding the NCAA Concussion Fact Sheet, I am aware the following information: A concussion is a brain injury, which I am responsible to report to my team physician of athletic trainer. A concussion can affects my ability to perform everyday activities, and affect reaction time, balance, sleep, and classroom performance. I will not knowingly return to play in a game or practice if he/she has received a blow to the head or body that results in concussion-related symptoms. I shall not return to play in a game or practice on the same day that they are suspected fhaving a concussion. If I suspect one of my team-mate has a concussion, it is my responsibility to have the report the injury to my team physician or trainer. I cannot see a concussion, but I might notice some of the symptoms immediately. Oth symptoms can and may show up hours or days later. I will seek medical attention if I suspect have a concussion if they return to play before their symptoms resolve. |
